

Wave Infratech performs Bhoomi Poojan of Wave Royal Castle project in Ghaziabad

Ghaziabad, March 07, 2014: Wave Infratech, one of the leading real estate developers in India today performed the Bhoomi Poojan of its Wave Royal Castle project Ghaziabad today.

WAVE Royal Castle is a comprehensive project with independent floors, residential plots as well as commercial and PSP areas and will offer modern lifestyle yet provide a distinguished individual residential identity in an ultra Modern Township. Wave Royal Castle is one of the projects of Wave Infratech which has been ergonomically designed by AECOM, a global provider of professional technical and management support, to provide the residents with a world class living.

WAVE Royal Castle is the most sought after destination for those who prefer a variety of residential and commercial real estate options and still enjoy world class amenities. This project will cater to the middle-income and upper middle-income groups who aspire for independent living and a home they have always dreamt of.

“Catering to the rising demand for affordable residential and commercial options in Delhi NCR, WAVE Royal Castle will be the ultimate destination offering high end facilities at ultra- modern township. With an unbeatable location of the project, the upper middle class will accomplish their dream of possessing a standalone property in Ghaziabad. On the occasion of the Bhoomi Poojan today, we are proud to commence work on the iconic Wave Royal Castle project.” said Mr. Amar Sinha, Executive Director – Wave Infratech.

Being located in the heart of Ghaziabad, the residents of WAVE Royal Castle can enjoy the strategic location (5 kms away from main Ghaziabad city) advantages with excellent connectivity to Delhi / NCR. Wave Royal Castle would work on the IBM Smart City concept and all the residents of Royal Castle would enjoy the smart city features and facilities such as 24/7 security, CCTV Surveillance, panic buttons throughout the city etc.
